Dear Dr. Turpin

Cadboro Bay Residents Association Response to UVic Request for Community Feedback  
Post September 8, 2011 CARSA Open House

While we welcome and applaud the UVic investment in a Centre for Athletics, Recreation and Special Abilities (CARSA), Cadboro Bay Residents Association (CBRA) cannot support the current proposal.

We submit for your review the attached report outlining community concerns with regard to CARSA.

CBRA would appreciate receiving a final copy of the new development variance application as soon as UVic is ready to submit it to Saanich.

Thank you for your consideration.

Sincerely,

*Elizabeth Borek*
